

Dream Daddy

Words and Music by Louis Herscher and George Keefer

When evening shadows start in a falling
Over the Radio I hear you calling, Thousands of miles apart
You are near in my heart
Morning, night and noon
You can hear me croon

CHORUS

Dream Daddy, Dream Daddy
Wonderful Daddy of mine
Ev'ry night after I've said my pray'rs
Your tender voice drives away all my cares,
Dream Daddy, Dream Daddy,
When stars begin to shine
That's when I lay away my books and my toys
And listen in with all the girlies and boys
Dream Daddy, Dream Daddy
Wonderful Daddy of mine.

All thru the day I'm pining to hear you
You're far away, I just wish I were near you
All your stories are sweet,
Make my whole life so complete
Even in my dreams
You're with me it seems.
