

NBC Tower - Chicago, IL 455 N City Front Plaza Dr

Quick Description: Built in 1989, one of the truest reproductions of the art deco style in any postmodern skyscraper. The building serves as the network's Chicago-based studio center, located at 454 North Columbus Drive.

This building opened in 1989, after the network moved its offices and its owned and operated station, WMAQ-TV (Channel 5) from the 20th floor of the Merchandise Mart, where it had been based since 1930
